

Ashbourne & District Camera Club

We are a long established society having been in existence since the 1960s. We currently have around 30 members at various levels of competence from beginners to more experienced photographers. The more experienced are always ready to share their expertise.

Summer Zoom Programme 2021

Meetings will be held on Wednesday evenings from either 7.30pm to 9.30pm or 8pm to 10pm depending on hosts.

Thanks go to Matlock Camera Club who are sharing the costs of this programme with us and we look forward joining forces once more over the summer months.

16th June

Julian Elliott - From Buddha to Blade Runner

Japan has a rich history of Buddhism and as such has some beautiful Buddhist temples. But Japan is also known for its amazing cityscapes. Tokyo helped inspire some of the backdrops for the film Blade Runner so it seems only apt to present the two converging and intermingled "cityscapes" of Buddhism and modern.
